Leadership Networks Vision

Every school district in the Commonwealth of Kentucky has a knowledgeable and cohesive leadership team that guides the professional learning and practice of all administrators, teachers, and staff so that every student experiences highly effective teaching, learning and assessment practices in every classroom, every day. (Result: Every Student Proficient and Prepared for Success!)

Network Overarching Goal

*Senate Bill 1 (2009) calls for the creation of a *MODEL* CURRICULUM FRAMEWORK (for example, T*ransformations* was our Curriculum Framework for KERA). The RESOURCES and DELIVERABLES created/shared within the networks will become **part** of that MCF. The MCF, then, will provide valuable information, resources, and examples as local districts develop their own curricula.
